# Transport Catalogue

Where some say  
*"your work",*  
we say  
*"your purpose".*

## A different set of eyes

When Vikan visits a food processing plant, we see it through a different set of eyes. Where some see equipment and raw materials, we see risks and opportunities. Where some see brushes, brooms and mops, we see solutions to hygiene challenges. Where some say "your work," we say "your purpose." Because people who clean these facilities or otherwise work with hygiene are on the front line of keeping our food a delight to serve and safe to eat.

At Vikan we've been looking at food and beverage plants and other hygiene-sensitive environments in this way since 1898. Through integrity, diligence, ingenuity and drive, we've amassed the industry's biggest bank of hygiene and regulatory insight.

Based on this insight, we've developed the world's most effective professional range of cleaning tools and advisory services. All to make sure that you can deliver each and every product you manufacture with pride and confidence.

## Wall brackets

Keep your cleaning tools organised, increase their durability and service life, and minimise the risk of audit non-compliance with our comprehensive range of stainless steel and plastic wall brackets (with hooks and clips), and bucket brackets.

- Stainless steel wall brackets are strong and durable and hold between 1 - 6 cleaning tools.
- Plastic wall brackets are available in 12 different colours and hold between 1 - 6 cleaning tools.
- The high strength hooks of the plastic wall bracket can hold up to 10 kg.
- Stainless steel bucket brackets enable our buckets to be stored hygienically upside down.

# Brushes

Vikan offers a very wide range of highly effective, durable brushes and brooms in various shapes and sizes for use in a multitude of applications in every industry setting. There are brushes for food and beverage applications, general cleaning, and vehicle cleaning, in a range of highly specialised designs.

Our brush and broom range includes several Ultra Safe Technology (UST) products, which feature hygienic design making them suitable for use in high-risk environments.

- All brushes and brooms are designed with ergonomics in mind from the dimensions of their handle to the angle of their bristles.
- A wide range of bristle options are available including short, long, split, soft, medium, hard, mixed, heat resistant, and angle cut making it possible to find a brush or broom that meets your needs.
- Scrubbing brushes and brooms are ideal for wet or dry cleaning of stubborn dirt
- Soft brooms are ideal for sweeping powders and other loose dry material.
- Some brushes and brooms are also available as water-fed options.
- Easy-to-clean UST brushes reduce the risk of contaminant build-up on the cleaning tools themselves.

# Squeegees

Effectively remove both liquids and debris with Vikan's pioneering range of squeegees. Choose from,

- Floor and hand squeegees – featuring high density foam blades and easy to replace blade cassettes. Highly efficient at removing liquids from surfaces, and cost effective. Available in fixed and swivel necked, hand held and floor cleaning options and with easy to remove cassettes.
- Hygienic squeegees – featuring twin rubber blades in an easy to remove cassette for hygienic cleaning and maintenance. These squeegees are heat and chemical resistant and highly efficient at removing liquids and semi solids from surfaces. Available in fixed and swivel necked, hand held and floor cleaning options.
- Ultra-Hygienic squeegees – featuring a fully moulded, hygienically designed single flexible blade. Designed for use in areas where hygiene is critical but effective at removing liquids, semi-solids and loose dry material from any surface, anywhere. Floor and hand-held versions are available in up to 12 different colours.
- Condensation squeegee - specifically designed to remove condensation from ceilings and overhead pipework. Condensate can be drained safely to the floor drain, via the hollow handle and a hose, or collected in a bottle that fits easily and securely on to the waterfed handle.
- Vikan also has a comprehensive range of squeegees designed specifically for vehicle cleaning.

## Handles

Every head needs a handle and at Vikan our range of handles is nearly as comprehensive as the heads they are designed to fit on to. Whether you need a plastic, stainless steel, aluminium or wooden handle, or one that's hygienically designed, short, long, telescopic, water-fed, or colour-coded, we are sure to have one that suits your needs.

- Ultra Hygienic handles, primarily designed for use with the Colour-coded product range, are available in a range of colours, and lengths, are fully moulded and easy to clean. The Ultra Hygienic handles compliment the UST broom range and Ultra Hygiene squeegees perfectly.
- The Ultra Hygienic Mini handles are ideal for use with any hand held Vikan product.
- The lightweight, ergonomically designed aluminium handles minimise the risk of occupational injury and the water-fed versions feature quick-release hose connections and insulated sleeves for a comfortable grip. Suitable for use with our Colour-coded, Microfibre and Transport product ranges.
- The ridged stainless steel handles are strong, durable, chemical resistant and suitable for use with our Colour-coded products.
- The flexible stainless-steel and nylon handles mounted on our twisted wire brush heads facilitate cleaning of curved pipework.
- Telescopic handles enable cleaning at height of remote surfaces more easily and effectively.
- Vikan's top adjustable handle, featuring a button on the handle head that allows quick and easy adjustment of the handle length, is uniquely designed for use with our Microfibre product range.
- Our traditional high quality wooden handle range are exclusively designed for use with our Classic range of products.

## Water guns & hoses

We offer water guns and hoses for use in a variety of industries and applications. Versatile and effective, our water guns are used to clean everything from food service areas to changing rooms at sports facilities and even swimming pools. Our hoses are designed for use with hot or cold water, and come in 1/2" couplings and various lengths.

- Gun sprayers feature functional design with continually variable water pressure.
- Water guns available with angled jets to hit hard-to-reach places.
- Cold water hoses can be used with water up to 40 degrees Celsius.
- Hot water hoses are designed for use with water up to 70 degrees Celsius.

## Kits

Vikan offers a range of different cleaning kits for specific applications. The EasyShine Kit can be used for cleaning windows, mirrors, white boards, ceramic tiles, stainless steel and other high-gloss surfaces. Our Easy Hi Dust Microfibre Kit cleans up to 3-metres high with static electricity and a flexible head. The Campaign Set and the Transport set feature vehicle brushes with water-fed, telescopic aluminium handles.

- All you or your customers need in one convenient kit.
- A great way to get started with Vikan products.

# Vikan's History

## Since 1898

When Vikan was founded in the nineteenth-century Danish countryside, our company was part of a close-knit rural community. We developed our products not to “meet industry needs”, but to help people we knew personally – people we talked to about their cleaning challenges and aspirations.

“I decided I needed to visit the dairies to learn what they were using brushes for. I did this and observed their work carefully... I then experimented to come up with brush types I thought the dairy workers would appreciate ... I even sent samples for the dairies to try out.”

— A.P. Pedersen, Vikan founder\*.

“This guiding principle still forms our starting point today. We get to know our customers, we work hard to understand their needs, and we innovate tools that are genuinely useful, even involving our customers in the development process.”

— Carsten Bo Pedersen, Vikan CEO

# Advanced cleaning tools for the transport industry

At Vikan, we design cleaning products with you in mind. That's why we partner with transport industry professionals to develop and refine the Transport range. Input from you has led to innovations such as rubber edges to prevent paint scratches, and telescopic handles that ensure longer reach so it's easier to clean large vehicles.

The Vikan Transport range features more than 70 professional cleaning tools designed to help you clean the interior and exterior of any type of vehicle effectively and efficiently.

VISSING FONDEN

# Vissing Foundation

## Owned by the Vissing Foundation

Vikan is ninety percent owned by the Vissing Foundation, a charity established in 1979 by former Vikan owner Mogens Vissing and his wife Jenny.

The Vissing Foundation funds important research in cancer and diabetes treatment, with an emphasis on devices, diagnostic methods, treatment approaches, data analysis and other areas that directly affect patient health and wellbeing. The foundation's work is a source of pride for all of us in the Vikan family.

# Get in touch

Your local Vikan Distributor is ready and very well equipped to meet your every need for Vikan products, services, and up-to-date expert knowledge and advice.

Vikan Distributors maintain an exceptionally close relationship with Vikan. They take part in regular training initiatives, and they are happy to offer guidance on what products to use, how to use them effectively, and how to keep auditors and other authorities not just satisfied, but impressed with, your operation.

No matter where in the world you do business, you'll find a Vikan Distributor nearby.
